PROFILE

I'm a senior product and transformation leader with a track record of turning complex business and technology challenges into simpler, more effective capability. I've led major digital platforms and change programmes across telecoms and financial services. I set the vision, shape roadmaps and bring together Product, Engineering, Architecture, Data, Operations and Commercial teams to deliver clear outcomes. My experience spans customer self-service, payments, enterprise platforms and operational change, with a strong focus on using data to make better decisions, manage risk and deliver lasting value. Currently at Virgin Media O2 I lead a **£10m+ transformation** of the MyO2 platform. Migrating 22 core capabilities, c.100 web pages and c.60 APIs, with **c.£20m in benefits realised to date.**

KEY HIGHLIGHTS

- **£10m+** digital transformation investment led at VMO2
- **£40m** targeted return; **c.£20m** already realised
- **80%** eCare platform migration completed
- **100%** conversion uplift from journey redesign
- **40%** increase in velocity after Scrum-to-Kanban shift
- **80,000** fewer customer calls per month
- **£3.3m** annual call savings from mobile app capabilities
- **£7m** ROI from Virgin Mobile self-service transformation
- **£2.3m+** billing/self-service savings delivered
- **15% → 65%** TalkTalk online self-service increase
- **30% → c.90%** TalkTalk new-customer digital activation
- **85%** Barclaycard collections self-service increase

CAREER EXPERIENCE

Virgin Media O2

Head of Product - Transformation – July 2023 to Present

I lead the product vision, direction and roadmap for MyO2 and its wider digital servicing ecosystem. Working across Product, Engineering, UX, Architecture, Data, Commercial and Operations, I connect customer experience, digital adoption and operational performance to prioritise the right outcomes. I lead multiple delivery teams and coach five Product Owners, creating clarity across immediate service priorities, platform sustainability, governance, risk and commercial value.

- Own the **£10m+ MyO2 digital servicing roadmap**, translating strategic objectives, customer needs and operational requirements into clear priorities aligned to a **£40m target return**.
- Lead the migration and optimisation of the full MyO2 platform, with **c.80% delivered across 22 core capabilities, c.100 pages and c.60 redesigned APIs**.
- Realised **c.£20m in benefits** by increasing digital adoption, simplifying servicing journeys and reducing avoidable contact and outsourced operating costs.
- Delivered **conversion uplifts of up to 100%** by combining customer insight, analytics, user testing and iterative journey redesign.
- Moved delivery squads from Scrum to Kanban, improving flow, surfacing constraints earlier and increasing delivery velocity by **40%**.
- Set the strategic direction with Engineering and Architecture for platform resilience, technical sustainability and reusable capability across **Next.js, Storyblok and Apigee APIs**, governing trade-offs between immediate priorities and long-term platform health.
- Set the prioritisation framework for the MyO2 transformation, aligning customer, operational, technology and commercial priorities to enterprise outcomes, investment decisions and a sustainable roadmap.
- Use A/B testing and product-performance data to make evidence-led decisions to **launch, refine, scale or stop** propositions.
- Lead a regular **Programme Review Board**, bringing together senior leaders—including the CIO and COO when required—to resolve trade-offs across investment, capacity, risk, dependencies and value.
- Lead multidisciplinary teams across **Product, Engineering, Commercial, UX, Architecture and Operations**, strengthening product capability and coaching **five Product Owners** to own outcomes and make clear trade-offs.
- Shape the self-service strategy for conversational AI and IVR, reducing avoidable contact and creating more intuitive customer interactions.
- Won a **Silver eCommerce Award** for the eCare re-platform.

Head of Digital Product: Virgin Mobile - Oct 2021 to July 2023

- Owned the digital servicing strategy for Virgin Mobile, delivering **£7m in three-year ROI** through higher self-service adoption, simpler journeys, add-on growth and lower cost-to-serve.
- Set the strategic direction and secured senior stakeholder alignment for **£2.1m funding**.
- Rebuilt and redesigned the native app experience for mobile customers by integrating these journeys into a combined app for Virgin Media and Mobile customers. Achieved an **18% increase in add-on sales in app, and containment improved to 93%.**
- Journey optimisation within the ID process **uplifted log-in success by 10%**
- **Reduced monthly customer calls by 80,000**, materially improving cost-to-serve.
- Generated **664,000 additional digital interactions**, accelerating customer adoption of self-service.
- **Improved Net Promoter Score by 11 points** through customer-centred transformation.
- Created a joined-up app, web and digital support strategy, embedding help within core servicing journeys and increasing **digital channel share by 7%**.

Virgin Media

Senior Digital Product Manager - August 2018 to September 2021

Led product strategy and delivery for billing, payments and digital servicing across Virgin Mobile and My Virgin Media, creating consistent self-service experiences for more than **6 million customers**. Simplified high-volume journeys, accelerated digital adoption and reduced customer effort and operating costs.

- Managed a journey-factory agile model, using insight-led discovery, prioritised backlogs and iterative delivery to speed up customer-focused change.
- Improved billing for **6 million customers** by introducing predicted bills and better support, **doubling online help traffic** and delivering savings of **more than £2.3m**.
- Added key Mobile journeys and secure MFA authentication to the My Virgin Media App, unlocking core capabilities for Mobile customers and delivering call savings of **approximately £3.3m annually**.
- Digitised service disconnections and package management, enabling self-resolution and saving **£1.2m annually** through **15,000 fewer calls per month**.
- Delivered Virgin Mobile number switching, data capping and eSIM journeys, improving customer control and driving operational efficiencies of **up to £1.3m over three years**.
- Secured and launched the LucidCX interactive handset-support partnership, helping customers resolve device issues digitally and cutting calls by **5,000 per month**.

TalkTalk Business

Online & Self-Serve Manager - July 2014 to August 2018

Reporting to the Transformation Director, owned the strategy, roadmap and delivery of TalkTalk Business's online servicing transformation, spanning customer experience, digital adoption, CRM platform change, operations, commercial partners and senior governance.

- Led the end-to-end transformation of TalkTalk Business's digital channels, owning customer experience, product strategy and agile delivery across desktop, mobile and tablet.
- Re-platformed MyAccount onto Salesforce CRM, increasing online self-service from **3% to 35%** and **improving online service CSAT by 25%.**
- **Raised new-customer digital activation from 30% to c.90%** through UX, process, communications and point-of-sale auto registration improvements, as well as building and introducing a new digital Welcome Centre experience.
- Established an integrated digital adoption strategy across web, CRM, email, SMS, voice, IVR and webchat, using performance insight to optimise journeys, increase participation and improve channel efficiency.
- Represented Digital at **Exco and SteerCo**, introducing management information to strengthen senior decision-making; recognised by **CEO Dido Harding** for leadership following the October 2015 cyberattack.

Barclaycard

Digital Strategy Manager: UK & Western Europe - February 2012 to July 2014

- Owned the digital strategy, roadmap, budget and risk-and-reward performance for customer contact and payment channels across Barclaycard's UK and Western European collections business.
- Increased UK collections self-service by **85%**, delivering operational savings equivalent to **c.50 FTE**.
- Led the design and implementation of a new digital collections payment experience, replicating core call-centre repayment options through self-service.
- Introduced a digital-by-default communications strategy across email, SMS and direct mail, driving a **10-fold increase in website utilisation**.

Homeserve PLC

Strategic Partnerships Manager. - February 2010 to January 2012

- Reported to the Director of Financial Services and managed strategic and operational relationships with financial services and insurance partners, leading post-contract mobilisation, commercial development and profitable **growth**.

Lloyds Banking Group

Senior Product Manager - November 2006 to January 2010

- Owned the Sainsbury's Bank unsecured personal loan product and managed the HBOS joint venture, delivering approximately **£700m** in annual gross lending across multiple acquisition channels, with **90%** completed online.

KEY SKILLS & STRENGTHS
